Dr. Morris Zubkewych

Dr. Morris Zubkewych, DC, D.Ac, D.Hom
Morris Zubkewych graduated from the Canadian Memorial Chiropractic College in 1979. In 1983 he received his fellowship in acupuncture from the International Academy of Clinical Acupuncture. At this time he was also certified in Auricular Medicine through his studies with Dr. P Nogier and Dr. Cordon. In 1985 he studied Causal Chain principles from Drs. Kenyon, Lewith and Schimmel which he still uses very extensively in his practice today. In 1993 he received his D.Hom. from the Homeopathic Medicine Association of Canada. He also completed his studies in Homeopathy with Homotoxicology, studying with Dr. Bianchi. He continued his post-graduate studies at the Hahnemann College for Heilkunst where he studied the works of many of the modern progressive Homeopaths today. In last 10 years he has extensively traveled to Germany to become fully trained in the use of E.A.V. and Bioresonance technology of which he holds regular training sessions.

Focus of course
This Diploma course consists of 12 modules relating to the ever expanding field of quantum dynamics. Students will gain knowledge from the masters in quantum physics and bioresonance such as Gurwitsch, Popp, Frohlich, Revici, and more. You will become familiar with Pleomorphism, Biological Terrain, Thermography, Biofeedback Homeopathy, Homotoxicology and Functional Medicine. You will experience using Bio-Electric Therapy devices. This is a one of a kind course offered only through CIHS.

Course Pre-Requisites
1. Students must be able to speak and write competently in English
2. APP101 - Anatomy, Physiology by Correspondance
3. An interview will be required for acceptance to the course.

Method of Evaluation
- Full attendance at all course sessions.
- Satisfactory completion of all course assignments
- Passing grades on all course examinations

Program Outline

1. DBPM101 : Biological Research as it pertains to Biological Systems
   BioPhysical research as it pertains to biological systems - the foundation. In depth study of the works of Gurwitsch, Popp, Frohlich, W.R. Adey, Cyril Smith, Benveniste, Revici, Hans Selye.

2. DBPM102 : The Matrix
   The work of Stuart, Pischinger and Heine. How the body nourishes itself, cleans itself, and maintains proper regulation and homeostasis.

3. DBPM103 : Biological Medicine Principles
   Study of Pleomorphism, the work of Enderlein, dark field microscopy, and the use of Sanum isopathic remedies.

4. DBPM104 : Assessment Procedures
   Learn to use and assess results of the Heart Rate Variability Test, Biological Terrain Assessment, Computer Regulation Thermography.

5. DBPM105 : Bio-Electric Therapy Devices
   Study the work of Royal Raymond Rife, Lachovsky, Beck, Hulda Clark etc. Learn how to build your own Rife generator

6. DBPM106 : Digital Biology
   Study the work of Jacque Benveniste. Study how to digitize any substance including homeopathic remedies. Hands on with a capturing chamber.

7. DBPM107 : Principles of the German New Medicine
   Study the work of Dr. Hamer on how life's crisis can trigger cancer tumour growth and how to manage cancer according to his principles.

8. DBPM108 : Homeopathy
   The principles of the practice of Homeopathy

9. DBPM109 : Repertorization and History taking (Anamnesis)

10. DBPM110 : Study of Progressive Homeopaths
    Study of Progressive Homeopaths - Vithoulkas, Paul Herscu, Rudy Verspoor

11. DBPM111 : Homotoxicology
    Learn how toxins can effect health progressively finally leading to cancer.

12. DBPM112 : Functional Medicine
    Study focal disease, causal chains principle, and how dental issues affect health.
